

Deep Dive:

Art

Learn AI

Session 3:

Exploring the many uses of AI art

Learn AI

Let's start with
putting ourselves
in our art

Learn AI

Learn AI

Step 1: Use the
Leonardo real-
time canvas

Learn AI

Step 2: Use a face swapping tool

Learn AI

www.faceswapper.ai

Learn AI

Lets create
colouring pages
for children

Learn AI

Prompt:

A colouring book page,
black and white, of a lion
in a circus, looking very
happy

Learn AI

Let's create a
mobile phone
“wallpaper”

Learn AI

Step 1: Typical
image
“aspect ratio”:

9:20

Learn AI

For example:
 540×1200

Learn AI

Generate image in Leonardo.ai

(Or Midjourney, etc.)

Learn AI

Send the image
to your phone

Learn AI

For example,
send an email to
yourself

Learn AI

Or (iPhone) - use
the Leonardo
app

Learn AI

Example

Learn AI

Let's create
“blurred” subject
images

Learn AI

Learn AI

Midjourney:

Prompt 1:

mona lisa davinci style
--stop 15

Learn AI

Midjourney:

Prompt 2 (vary subtle):

A medieval room full of
old books and manuscripts

Learn AI

Try various
versions of
midjourney

Learn AI

Midjourney:

Prompt 2 (vary subtle):

A medieval room full of old books and manuscripts --v 5.2

Learn AI

Let's imagine
some interior
designs

Learn AI

Prompt:

A cozy living room with green sofas, modern art on the walls, and a light colour rug

Learn AI

Let's create
greeting card
texts

Learn AI

generate/font-styles](https://firefly.adobe.com/generate/font-styles)

Learn AI

Let's create logos

Learn AI

TYPES OF LOGO DESIGN

Word Mark

Letter Mark

Pictorial Mark

Abstract Mark

Mascot Logo

Combination Mark

Emblem Logo

Learn AI

Example:

A mascot logo for a flower shop, featuring a koala, white background, sticker style

Learn AI

Using Canva - search for “Print Products” templates

Learn AI

Let's create a
shirt for our shop
